

ED

MASTER OF EDUCATION

To teach is to hold in your hands the power to inspire confidence, stir thinking, awaken dreams, and ultimately shape the future.

A MESSAGE FROM THE DEAN

Welcome. The School of Education at the American University in Dubai is focused

on the essential work of teacher education at the graduate level. To this end, AUD offers a cutting-edge Master of Education (M.Ed.) degree for practicing and prospective teachers who love children and aspire to excellence.

As a cohesive and committed professional learning community, everyone involved in the School of Education believes that teaching is a noble, soulful profession and a public trust. ***For us, to teach is to hold in your hands the power to inspire confidence, stir thinking, awaken dreams, and ultimately shape the future.***

If you are a practicing teacher, consider joining us as a colleague, collaborator, and lifelong learners who is committed to the highest standards of teaching and learning, care and compassion, self-reflection and accountability. ***If you are a prospective teacher, consider joining us and becoming a great***

teacher who is ready and eager to shape the next generation of leaders.

All graduate students will learn through small classes, extensive supervised fieldwork, and dynamic classroom settings, mentored by a faculty advisor.

At AUD we have students from more than 90 different countries. Our learning crosses the boundaries of nations, local communities and cultures.

Together we have a unique opportunity and a shared responsibility to improve education and the quality of our schools, to lift the lives of children we serve, and to help shape the future of Dubai, the United Arab Emirates, and the entire world.

Catherine Hill, Ed.D.
Dean, School of Education

WHY STUDY EDUCATION AT AUD?

- AUD School of Education is a learning community defined by collaboration and collegiality.
- We understand the urgent need to improve the education sector throughout Dubai and the entire region and we are committed to ensuring a world class 21st century education for all.
- AUD faculty are active researchers who employ innovative strategies for learning and teaching.
- We share a commitment to learning, teaching and leading with technology.
- We believe that all children have the right to learn in schools that work, taught by great teachers who will inspire them to serve, learn and lead.
- We understand education is a powerful and empowering source of personal and national development.
- And above all, we know that **Teachers Matter Most.**
- And, that's why you should choose AUD for graduate studies in education.

PROGRAM OVERVIEW

AUD's M.Ed. Program offers ...

- A two-year, professionally-oriented program designed for practicing and prospective teachers, and consisting of 36 credits
- A solid academic basis for what teachers need to know and what they need to be able to do
- Specialization in elementary (EDEL) or secondary (EDSE) education
- Coursework focused on differentiation, inclusion, multiculturalism and other research-based practices
- An opportunity for educators in the UAE to become licensed as highly qualified and competent teachers
- A cohort model of graduate education, giving students a collaborative common experience, opportunities to learn from one another and build meaningful professional relationships over time

WHAT YOU WILL LEARN

- A specialized body of knowledge including theories of human development, pedagogy, and best practices
- Communication tools and proven strategies for effective teaching and learning
- How to work in teams, problem solve, build capacity and foster cross-cultural competencies
- How to interpret assessment data and use it wisely to make informed decisions
- How to talk constructively about curriculum and instruction, resources and support services
- How to give and receive critical feedback
- How to differentiate learning and create inclusive learning environments for the benefit of ALL

HOW YOU WILL LEARN

- As individuals and members of a team
- Through case studies, collaborative projects and reflective exercises
- Through classroom observations, field experiences and research projects
- In ways all aimed at helping you take your work and practice to the next level
