

American University in Dubai

AUD was founded in 1995 as the first American-accredited university in the GCC and Dubai's first private higher education institution. It has been a leading university in the Gulf region ever since and is widely recognized for setting new standards of academic excellence.

The mission of AUD is to serve as a culturally diverse learning community committed to the pursuit of knowledge through excellence in teaching and scholarly and creative endeavor, leading to students' academic, personal and professional success, as well as the advancement of society.
